Ollo Inspiration

An Infinite Universe in Glass

The Ollo collection, inspired by its distinctly circular shape, evokes balance, symmetry, and cyclical flow. At the heart of the design is a glass ring, within which a silent, captivating universe unfolds. Tiny bubbles, organically caught in the delicate swirls of cast clear glass, resemble stars –making each piece its own little cosmos.

Handmade glass attributes

All Bomma products are hand-made from mouth-blown lead-free crystal. Therefore any small bubbles, non-melts and irregularities in the glass are both proof and a characteristic feature of this traditional craft.
