PRODUCT INFORMATION SHEET

BROKIS

Name BALLOONS LARGE

Type floor lamp

ID PC858

Description

Balloons, a collection of timeless lights embodying rudimental forms evoking images of hot air balloons, captivates with the beauty of large-format handblown glass and an elegant metal reflector hovering within. The design's charm lies in the use of two independent glass sections to achieve the impression of an integral whole. Lavish proportions and an elegant hand-pressed metal reflector are the collection's defining traits. The size of the largest shade pushes the very boundaries of glassblowing technology and illustrates the exceptional skill and craftsmanship of Bohemian glassmakers. The Balloons collection is one of the pillars of the BROKIS portfolio. The lights come in three sizes. Balloons also make an outstanding sculptural statement during the day when they are switched off. In 2024, the collection was expanded with four new finishes designed to replace copper and brass: brushed champagne lacquer, brushed bronze lacquer, brushed rose gold lacquer, and brushed copper lacquer.

Technical description

The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all BROKIS products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production. The metal reflector is manufactured through a unique metal stamping technique that has been proven over the course of millennia and involves spinning cold sheet metal on a rotating form. The history of this technology goes back to Celtic times. As with the glassmakers, the master metalworkers draw upon the tradition and experience that have been carefully passed down through the ages and give the final product exceptional added value.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538

Glass surface

glossy surface	A	CGSU66

Body finish

brass	B	CCS69
chrome	C	CCS275
chrome brushed	C	CCS960
metal - black matte powder coating	A	CCS846
metal - white matte powder coating	A	CCS845
