Description

Nature and its life-giving beauty and strength are the inspiration behind the unique lighting concept called Ivy. Just as the plant grows and climbs up the wall of a house, so too can Ivy expand into a variety of compositions. Ivy features a special system of modular components for a highly innovative take on decorative lighting in both vertical and horizontal installations. The lights comprise metal branches in five basic sizes and three sizes of shades in handblown matte light rose, opal, or smoke glass. Elegant and precise in craftsmanship all the way down to the smallest detail, Ivy Fixed is ideally suited to both project and residential applications. The organic Ivy family has many forms and rightfully holds its place in the realm of artistic, bespoke lighting solutions.
