PRODUCT INFORMATION SHEET

BROKIS

Name IVY SINGLE L

Type pendent lamp

ID PC1217

Description

The Ivy Single pendant light is based on a unique lighting concept inspired by nature and its life-giving beauty and strength. Just like a growing plant, so too can Ivy create a myriad of images. The collection represents an innovative high-tech concept that makes it possible to achieve truly unmatched lighting compositions. Hung from special coax cables, the lights are easy to install and combine thanks to modular components. Variable and precise in craftsmanship all the way down to the smallest detail, they come in three sizes in either matte light rose, opal, or smoke glass. The distinctive handblown glass elements can be arranged in a seemingly endless variety of compositions and rightly hold their place among artistic, bespoke lighting solutions ideal for public spaces, hotels, offices, and many other projects. The Ivy Single collection has been expanded with the new Hammerslag glass decor and variants in transparent and smoke brown glass.

Technical description

The techniques Brokis applies in the production of glass are rooted in centuries of tradition and require remarkable skill from master glassmakers. Precision crafting of handblown glass gives each product a distinctive character and unmatched quality. The glass shades are formed from multiple layers of molten glass, each of which is thoroughly scrutinized by the glassmaker before being blown into the mould. The triplex opal glass of the shades represents one of the finest materials used in the lighting industry today. Together with carefully guarded handcraft techniques, the sandwich structure of two transparent outer layers of crystal and an inner layer of white opal between them lends the glass outstanding visual properties. To ensure there is no disruption to the overall impression of the lighting composition, IVY Single is hung from special small-diameter coax cables. The hanging system also simplifies installation and maintenance.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538
triplex opal	A	CGC39
light pink - transparent glass	A	CGC46

Glass surface

glossy surface	A	CGSU66
acid-etched both side surface	A	CGSU881

Ornaments

without ornaments	A	CGO2988
hammerschlag	B	CGO3120

Body finish

metal - white matte powder coating with structure	A	CCS2809
metal - anthracite grey matte powder coating with structure	A	CCS2811

Canopy

metal - white matte powder coating with structure	A	CCSC2810
Keeport – coaxial cable version – black structure	A	CCSC3157
Keeport – coaxial cable version – white structure	A	CCSC3156
Trimless – coaxial cable version – silver anodized, h 12.5 mm	A	CCSC3022
metal - anthracite grey matte powder coating with structure	A	CCSC2812
Trimless – coaxial cable version – white structure, h 12.5 mm	A	CCSC2985
Trimless – coaxial cable version – black structure, h 12.5 mm	A	CCSC2986

Cable colour

coaxial cable - transparent isolation	A	CECL2772
coaxial cable - white isolation	A	CECL3095
coaxial cable - black isolation	A	CECL3056

LED Source

DIM, 24V, 2W, 2700K, 315lm, RA90+	A	LEDS3021

Dimmable version

non-dimmable version	A	CEDV1457
DIM RF system - remote control version	A	CEDV1461
DIM 1-10V	A	CEDV1460
DIM DALI version	A	CEDV1458
DIM AC phase-cut, ELV	A	CEDV1730
DIM CASAMBI CBU-PWM4	A	CEDV2854
