PRODUCT INFORMATION SHEET

BROKIS

Name	IVY WALL 2
Type	wall lamp
ID	PC1218

Description

The Ivy wall lights are based on a unique lighting concept inspired by nature and its life-giving beauty and strength. Just as the plant grows and climbs up the wall of a house, so too can Ivy expand into a variety of compositions. Ivy features a special system of modular components for a highly innovative take on decorative lighting in both vertical and horizontal installations. The light comprises metal components in combination with handblown glass. Branches come in six basic sizes, while there are three sizes of shades in matte light rose, opal, or smoke glass. The family also offers an impressive floor light and an intimate table light. Elegant and precise in craftsmanship all the way down to the smallest detail, Ivy is a high-tech lighting concept ideally suited to project and residential applications. In household settings, for example, a single graceful branch can be used, or several branches can be combined to create a dramatic wall of light. The organic Ivy collection has many forms and rightfully holds its place in the realm of artistic, bespoke lighting solutions.

Technical description

The techniques Brokis applies in the production of glass are rooted in centuries of tradition and require remarkable skill from master glassmakers. Precision crafting of handblown glass gives each product a distinctive character and unmatched quality. The glass shades are formed from multiple layers of molten glass, each of which is thoroughly scrutinized by the glassmaker before being blown into the mould. The triplex opal glass of the shades represents one of the finest materials used in the lighting industry today. Together with carefully guarded handcraft techniques, the sandwich structure of two transparent outer layers of crystal and an inner layer of white opal between them lends the glass outstanding visual properties. Mounting the glass shades on the lights is very easy, thus simplifying installation and maintenance. The branches, ceiling canopies, and power cables are available in either white or anthracite grey. The collection also features a dimmer for easy adjustment of the lighting ambience in the interior.

Glass Colour

smoke grey - transparent glass	A	CGC516
triplex opal	A	CGC39
light pink - transparent glass	A	CGC46

Glass surface

acid-etched both side surface	A	CGSU881

Body finish

metal - white matte powder coating with structure	A	CCS2809
metal - anthracite grey matte powder coating with structure	A	CCS2811
metal - basalt grey powder coating with structure	B	CCS3136
metal – beige-grey powder coating with structure	B	CCS3137
metal – grey-beige powder coating with structure	B	CCS3138
atypical RAL colour	C	CCS3124

Recommended Bulbs

DIM, 12V, 1.2W, 2700K, 114lm, RA90+	A	CEB1818

Dimmable version

touch dimming	A	CEDV2871
DIM CASAMBI CBU-PWM4	A	CEDV2854
