PRODUCT INFORMATION SHEET

BROKIS

Name	KNOT CILINDRO TABLE BATTERY
Type	table lamp, Battery lamp
ID	PC1249

Description

Knot, a collection of stately pendent lights that appose two dramatically dissimilar materials, has now been expanded with a portable outdoor variant with 4.5 hours of battery power for easy changes in the lighting ambience in any part of the interior or exterior. The design combines coarse natural fibre with smooth, transparent handblown glass to arouse a contrast as striking as it is dignified. The original Knot collection features full-bodied globes of varying shapes and sizes penetrated by robust cords that seemingly pull the glass inward for a bemusing plastic effect. Knot Battery provides the perfect anchor for the lofty pendants in this collection typified by its use of strikingly disparate materials. The LED light source is cradled in a handsome bottom piece, which, like the cord end cap, is fashioned from refined metal. Knot Battery is IP44 compliant for outdoor use, thus its charm is not confined to only the interior. Charging is by means of a convenient magnetic connector in the lower part of the light. Knot Battery is a sophisticated and flexible light that provides 4.5 hours of use on a single charge, which makes it ideal not only for lighting outdoor spaces but also enhancing existing lighting. Thanks to its portability, Knot Battery is well suited to daily use and for adding a special touch to social events.

Technical description

The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instils distinctive, enduring character and outstanding quality in all Brokis products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mould. The light is available in transparent, grey smoke, brown smoke, or opaline glass with either a gloss or matte finish. The metal reflector is manufactured through a unique metal stamping technique that has been proven over the course of millennia and involves spinning cold sheet metal on a rotating form. The history of this technology goes back to Celtic times. As with the glassmakers, the master metalworkers draw upon tradition and experience that have been passed down through the ages and give the final product exceptional added value. The metal components are available in copper, brass, stainless steel, or textured black matte powder coat. The elegant glass and metal are contrasted by a linen rope. The collection features a dimmer for quick and easy adjustment of the lighting ambience in the interior.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538
opaline - transparent glass	A	CGC38

Glass surface

glossy surface	A	CGSU66
matte inner glass finish	A	CGSU880

Body finish

metal - black matte powder coating with structure	A	CCS2673
brass	A	CCS69
brushed stainless steel	A	CCS68
brushed champagne lacquer	A	CCS3000
brushed bronze lacquer	A	CCS3002
brushed copper lacquer	A	CCS3006
brushed rose gold lacquer	A	CCS2998

Cable colour

black charging cable USB 2/Mag, 5V	A	CECL2838

Rope

rope - natural	A	CRP970
rayon rope - white	A	CRP3122
rayon rope - black	A	CRP3123

LED Source

244mA, LED, 2.7W, 2700K, 580lm, RA80+, DIM	A	LEDS2864
