PRODUCT INFORMATION SHEET

BROKIS

Name	PRISMA PENDANT SINGLE LARGE 500
Type	pendent lamp
ID	PC1313

Description

The dominant feature of the Prisma collection is an extravagant metal fixture with a distinctive finish. Classic handblown glass spheres are anchored to either one or both ends of a robust decagonal metal prism that lends the collection its name. The shape in combination with the striking surface reflect light at different and unexpected angles, like a prism. With a choice of three different elegant finishes – yellow zinc lacquer, brushed steel lacquer, and a new burnished black lacquer, the light is a bold artistic object in the interior offering unique vertical, horizontal, and diagonal compositions with subtle colourful reflections. The collection consists of a horizontal pendent light with dual glass spheres and a vertical pendent light with a single glass sphere, both of which hang from wire ropes. Another typological variant is an impressive floor light, a majestic light sculpture in the form of a robust upright decagon topped with a luminous glass sphere. The structured finish on the metal fixture is one of the defining traits of the collection, and together with transparent glass or grey smoke glass constitutes a jewel with which to adorn private interiors as well as hotels and restaurants.

Technical description

The technologies applied in production follow in the centuries-old tradition and experience of master glassmakers. The precision crafting of handblown glass instils distinctive, enduring character and outstanding quality in all BROKIS products. The glass lampshades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mould. The metal parts are made of high-grade steel plate. The zinc finishes are galvanized, which creates a textured surface, one of the defining features of the collection. The subtle, almost invisible welds are a testament to the superior craftsmanship of BROKIS lights.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516

Glass surface

glossy surface	A	CGSU66

Body finish

Yellow zinc lacquer	A	CCS2964
burnished black lacquer	A	CCS2996
Brushed steel lacquered	A	CCS2887

Canopy

Yellow zinc lacquer	A	CCSC2965
burnished black lacquer	A	CCSC2997
Brushed steel lacquered	A	CCSC2888

Cable colour

coaxial cable - transparent isolation	A	CECL2772
coaxial cable - black isolation	A	CECL3056

LED Source

24V, LED, 3.6W, 2700K, 416lm, RA90, DIM	A	LEDS2901

Dimmable version

non-dimmable version	A	CEDV1457
DIM RF system - remote control version	A	CEDV1461
DIM PWM signal	A	CEDV1459
DIM 1-10V	A	CEDV1460
DIM DALI version	A	CEDV1458
DIM AC phase-cut, ELV	A	CEDV1730
DIM CASAMBI CBU-PWM4	A	CEDV2854
