PRODUCT INFORMATION SHEET

BROKIS

Name	PURO SPOTLIGHT
Type	pendent lamp
ID	PC1121
Description	Puro is a boldly minimalistic variation on atmospheric pendant lights. Inspiration for the collection and its name come from the Spanish word for “cigar”, which also means “pure” and is a reference to the composition’s clean lines. The Puro collection comprises of single vertical or horizontal tube or a single bell light suspended beneath a vertical tube and dual bell lights suspended beneath a horizontal tube. The diffused glow of the tubes combines with that of the bells to elicit a dynamic ambience, while the alternating gloss and matte finishes provide a degree of provocation. When standing alone as single tubes, amazing installations can be created, such as a composition of tubes coupled to a screen dividing space and evoking an intimate atmosphere bordering on scenography. Puro offers atmospheric room lighting as well as lighting for offices, hospitality interiors, boutiques, showrooms and private dining areas.
Technical description	The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all Brokis products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production.
