PRODUCT INFORMATION SHEET

BROKIS

Name SHADOWS XL

Type pendent lamp

ID PC911

Description

The contours of the Shadows XL collection stay true to the original Shadows collection, but are nearly 50% bolder in their proportions. The collection is a take on the famed, timeless lights found in French ateliers, and its typology pays tribute to that legacy. The combination of handblown glass, handcrafted wood, and classic shaping has given rise to a light of ageless elegance. Shadows XL comprises four different suspension lights, which fulfill their role both independently and in sets. The individual lights are characterized by a handblown glass shade mounted on a hand-sanded wooden body. The clean contours and finish are underlined by the concealed light source. The Shadows collection is special for its wide spectrum of glass colour options, surface finishes, and types of wood. The collection is intended for interior installation and, thanks to multiple combination possibilities, is well suited to a broad range of installations. Lights from the Shadows and Shadows XL collections feature special integrated connectors developed by BROKIS to facilitate installation and maintenance.

Technical description

The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all BROKIS products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production. No less attention to detail is paid in handcrafting the wooden elements of the light. Each piece is individually processed by the artisan in a series of strictly observed production stages. We take special care in selecting quality fine wood and ecologically friendly materials to treat it with.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538
opaline - transparent glass	A	CGC38
triplex opal	A	CGC39
black opaque	A	CGC2933
olive green - transparent glass	A	CGC2738
pearl grey - opaline glass	A	CGC1916

Glass surface

glossy surface	A	CGSU66
acid-etched outside surface	A	CGSU67

Body finish

European oak - untreated	A	CCS657
