PRODUCT INFORMATION SHEET

BROKIS

Name	SPECTRA
Type	table lamp, floor lamp
ID	PC1372
Description	The outline of the light resembles the classic typology of a table lamp, which has always been a companion to humans during evening sessions. The archetypal silhouette in a purity-of-form concept has an opening with a double-sided light source in an aluminium fixture. The flat source casts its light gently in two directions, upwards and downwards into the glass base, creating intimate atmospheric effects. The two sizes are available in transparent, brown, smoke grey, olive green or opaline glass. The intensity of the experience can be modulated thanks to an integrated dimmer. The shape of the mantle, which serves as the shade and base in one, evokes a sense of levity and loftiness. A specialized method of glassblowing is needed to create the mantle as a single piece. The overall appearance of the light emphasizes the idea that beauty lies in simplicity.
Technical description	The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all Brokis products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538
opaline - transparent glass	A	CGC38
olive green - transparent glass	A	CGC2738

Glass surface

glossy surface	A	CGSU66

Body finish

silver anodized	A	CCS1917
black anodized	A	CCS1948

Dimmer case

black anodized	A	DC2937
silver anodized	A	DC2938

Cable colour

textile cable - black	A	CECL519
textile cable - light grey	A	CECL1918

LED Source

24V, LED, 7.5W, 2700K, DIM	A	LEDS3026
